Web / Graphic Designer

Objectives

- Working as web designer in Next Gen Publishing Ltd. Have successfully achieved Bachelors Honors degree in Multimedia Design and Advanced Diploma in Multimedia Design from Raffles Design Institute (Singapore) awarded by KvB Institute of Technology (Australia).
- I feel I've just started the journey. I'd like to be an archiver and my goal is to be amongst the web industry leaders. I constantly search the web and keep a tap on the industry trends and want to constantly learn as much as I can about this ever-evolving industry. I aspire to be the best in the business, so that I can produce exciting and technically advanced websites which are appealing to the end users.
